These corporate debt instruments were oversubscribed by up to 60% from local pension fund investors, with participation by 19 pension fund investors (managing c.75% of the industry assets under management) subscribing to InfraCredit-guaranteed infrastructure bonds; signifying strong investor appetite and confidence in its credit standing.

# DEVELOPMENT IMPACT

**Our Theory of Change** hinges on three pillars where InfraCredit is delivering impact through its activities at the market, project and end user level, with specific measurable outcome indicators.

## Market

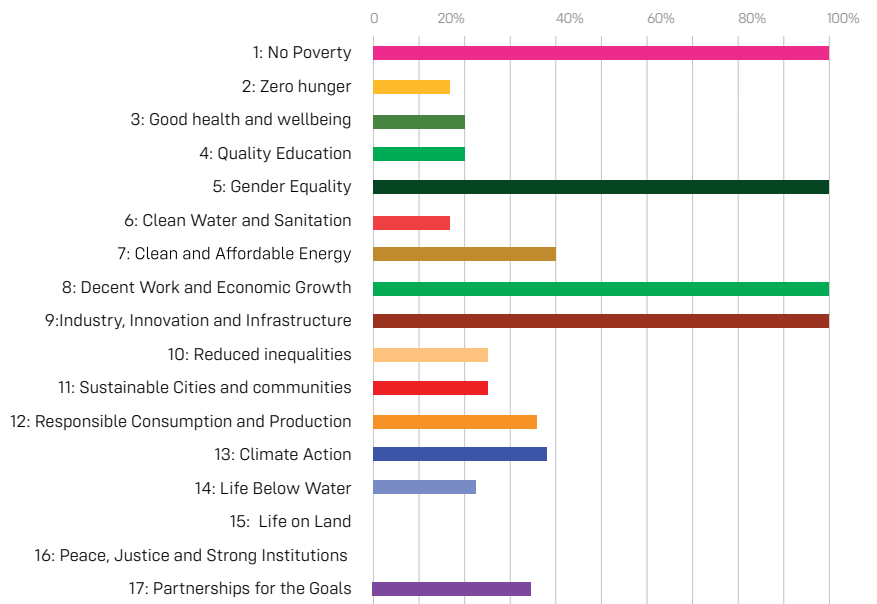

InfraCredit will expand the debt capital market, investor base and new sources of capital for infrastructure financing. InfraCredit will also support the emergence of an enabling environment with favourable policies and incentives, and connected networks of actors, to support infrastructure development

## Projects

InfraCredit will enable infrastructure project developers to access longer tenor capital at competitive rates, and will ensure high-impact and viable projects are increasingly, successfully and sustainably executed, and create jobs

## End User

InfraCredit's financing activities will deliver increased infrastructure access, reliability and resilience leading to improved livelihoods. As a consequence of these outcomes, InfraCredit will enable improved business productivity leading to economic growth and social development
